

I WISH

Written by Lisa Lease Vasey

V1

Someone tell me why I'm such a nice girl

The kinda girl who just can say no

And I'm growing tired of feeling guilty

About things that are not my fault

Out of control

CHORUS 1

Sometime I wish

I was a bitch

I'd have everything I want and care about

No-one else but me

I'd be vicious

Cruel & suspicious

But then I would be you and not me

V2

Someone tell me why I don't live in the real world

It's dog eat dog and I got chewed to the bone

While I was busy helping a friend in need

She was busy helping herself to me

CHORUS 2

Sometime I wish

I was a BITCH

I'd have everything I want and I would care about

No-one else but me

I'd be vicious

Cruel & ambitious

But then I would be you & not me

Who'd wanna be?

BRIDGE

Sometime I wish I was a liar so many things I could have had

But they were never mine

But I'm a giver not a taker I always give cause I know that

Friends are hard to find

And it gives me peace of mind

CHORUS
