

# **BYE BYE**

**Written By Lisa Lease Vasey**

**V1**

I shoulda seen it coming

I shoulda seen the signs

Didn't see it till it hit me

Right between the eyes, and I

Shoulda listened to my friends

Cause they were right

You're a no good, dirty, double dealing, cheating, kinda guy

Shoulda felt it in my bones

Had second sight

Read it in my tea leaves

While I waited for you every night, and I

Shoulda listened to my ma

Cause she was right

You're a dirty, sneaking, lying, cheating, women hating, calculating, money grabbing, back

Stabbing, two timing, kinda guy

**CHORUS**

So bye bye baby

I'm not waiting

I got my ticket and I'm migrating

So long sugar

I'm vacating this town

Won't be seeing you round

## **V2**

Wish I had a magic wand

To cast away your words

But the writing was already on the wall saying

The tables could be quickly turned, so I'm

Gonna listen to myself

Cause I was right

I want a real big, strong, sexy, caring, cuddly kinda guy

## **CHORUS**

..... Cause there are good men around

So bye bye baby

I'll catch you later

So long sugar

I'm gonna find my teddy bear
