

UNDER THE THUMB

Written by Lisa Lease Vasey, Peter Nikolic & Craig McDonald

V1 – Female

You don't know if you are coming or going
Cause I am inside your head
Your friends all say & they are probably right
You might as well be dead
I could break you with a whip of my tongue
And you will never leave
I possess you I own you
I'm the one who really knows you
I wanna make you scream
I know how to make you angry
I can make you insane
I can make you hate me & then I will make you
Love me all over again

CHORUS

Got you under my, got you under my thumb
Got you under my thumb

V2 – male

You think that I don't see what you do
You don't realize
Your see through lace & your matching smile

Go with your school girl disguise
But I know you & all of your games
That I let you play
Now you're the one who's gonna loose honey
I just got one thing to say to you

CHORUS

BRIDGE

F - You're always trying to tell me what to do
M - I'm only trying to look out for you
F - Don't you push me baby I don't bend
M - That's the trouble with you my friend
F - Hey I didn't know that you felt that way
M - You never hear a word I say
Both – Nothings ever gonna change & nothing ever stays the same

CHORUS

F - Well I know you & all of your games
That I let you play
M - Now you're the one who's gonna loose honey
Both - I just got one thing to say to you

CHORUS
