

CRY BABY

Written by Lisa Lease Vasey & Peter Nikolic

V1

Well if you can win it then you can breathe
You've been acting like losing is some kind of disease
It's ok to fall as long as you get up
And we are all winners to different degrees
Did I hear you say it's not even worth a try
Thinking that way life's gonna pass you by

V2

You wanna be in it but you don't wanna go
Well you want it all right now but you wanna take it slow
It's ok to win don't let it go to your head
Give it a beginning & it never ends
And all alone you sit & you wonder why
The chances never came your way but you never even tried

CHORUS

Cry baby your face is a mess
Cry Baby you just don't get it do you
Living life in a lie & living on the edge
Cry baby just won't let go
Try baby you'll never know
Open your eyes you are a cry baby

V3

Well just thinking about it won't make it so

Cause you have your own free choice is this where you wanna go

Well anything you want you know that you can get it

But you're living in the winter of your discontent

Not too late for you to turn around

Pick yourself up & get your chin of the ground

Cause thinking bout the past could bring a tear to your eyes

You know it doesn't really make much sense when you break down & cry

CHORUS

Break down & cry ... yeah

Cry Baby

You're always crying

Cry baby
