

FOOL ME

Written by Lisa Lease Vasey

V1

Your words

Wrap around my ankles like a chain

Keeping me tied to the floor

Your lies

They drip like honey from your lips

I wanna taste some more

I can see the red lights flashing

But I don't think I can stop

Hey the warning bells are ringing

I'm gonna turn them off

CHORUS

Fool me once

Fool me twice

Fool me as many times as you like

Just fool me right

Fool me fast fool me slow baby

Fool me all night

V2

Your voice

Wraps around my throat so tight

I can't breathe I can't talk

Your body heat

Is melting me like ice-cream

As we slide down to the floor
I can see the red flags waving
But I don't think I can stopright now
The trains about to leave the station
And I don't wanna get off

CHORUS

Fool me once
Fool me twice
Fool me as many times as you like
Just fool me right
Fool me fast fool me slow baby
Fool me all night

BRIDGE

You disconnect my body from my brain
Sensory overload
My brain is screaming stop
But my body don't wanna hear it
I'm gonna let it go

CHORUS x 2

Fool me once
Fool me twice
Fool me as many times as you like
Just fool me right
Fool me fast fool me slow baby
Fool me all night
Fool me nice

Fool me any time you like

Just fool me right

Fool me fast fool me slow baby

Fool me tonight
